**Subject:** RE: Access Agreement

Richard:

As I mentioned in my voicemail, after productive discussions with the Tribal staff yesterday, EPA's Bob Egan approached the Kozaks today to arrange for access for the USGS work, which the Kozaks have granted. The Kozaks did request that their contractor, REI, be there when the USGS was there to check the water table, to which Bob agreed. I will keep you informed as to the timing of this work. My understanding is that EPA program staff will also communicate this information to their Tribal program counterparts.

Thank you for your assistance in addressing this issue.

Regards,

Erik
